The Women's Suffrage Movement in Needham **Guest Speaker: Gloria Greis, Needham History Center**

While the Women's Suffrage movement played on a national scale from 1848 to 1920, this major political movement required organizing and activism at the community level to succeed. Needham was no exception. Find out about the suffragists, the anti-suffragists, and how the movement played out in Needham. See the Needham History Center and Museum documents, artifacts, and photographs from the suffrage period.

6:30 pm Snacks, chat and browse displays
